What's new in Q1 2012

Introducing exciting new products designed to enhance Control4® systems.

New Control4 High-Performance Controller Line
Fluid on-screen control. Blazingly-fast media access. Instantaneous responsiveness.

Control4® HC-800 Controller
Designed to serve as the primary controller for every Control4 installation with the power to connect and control virtually anything in the home at blazing-fast speeds.
- Instantaneous, interactive on-screen control and browsing of large media libraries
- Certified HDMI with audio and video, plus extensive audio inputs and outputs, IR, serial, contacts and relays for reliable connectivity
- Sleek, elegant design for flexible installation in a cabinet, on a shelf or in a rack

Control4® HC-250 Controller
Ideal for single-room solutions and a great alternative to more constrained universal remote solutions. Easily delivers on-screen control to each TV in larger installations.
- Sleek, low-profile design with integrated power supply and PoE provides flexible installation options and makes it the perfect solution behind every TV
- Certified HDMI with audio and video plus component video output to integrate with legacy systems
- Connect and control virtually anything in the room with audio inputs and outputs, IR, serial, contact and relay for reliable connectivity

From-Anywhere Control
Turn your smart phone, tablet or personal computer into the ultimate remote for a Control4 home automation system.

Control4® MyHome Apps—Including Android!
Control your entire system, access music and movies by cover art, and even view images from the cameras around the house
- Apps available for iPhone®, iPod® Touch, iPad®, Android™ smart phones and tablets, PCs or Mac
- Site or device licenses available to meet the needs of the whole family

New Control4 Video Intercom Family Line

High-performance in-wall and portable touch screens with full-motion video intercom and wideband audio deliver dedicated control and crystal-clear communications.

Control4® Door Station

Convenient communications, monitoring and control at the front door or gate for added peace of mind.

- Available in Satin Nickel, Satin Black, Venetian Bronze
- Integrated camera with H.264 full-motion video
- Integrated speakers and dual microphones with beam forming and wideband audio for incredible intercom sound
- Flexible installation options with WiFi or Ethernet and AC, DC or Power over Ethernet power

Control4® In-Wall Touch Screen with Camera

Dedicated control and high-performance video intercom capability in a sleek 7" in-wall touch screen with four programmable buttons.

- Edge-to-edge capacitive glass and low-profile mount deliver a visually stunning, total-control solution
- Integrated camera with high-fidelity H.264 full-motion video intercom
- Integrated speakers and dual microphones utilize beam forming and G.722 wideband audio intercom for crystal-clear communications
- Supports WiFi and Ethernet, and DC or PoE power options

Control4® 7" Portable Touch Screen with Camera

Flexible, dedicated control device with high-performance video intercom capability in an elegant tablet form-factor.

- Integrated camera with high-fidelity H.264 full-motion video intercom
- Integrated speakers and dual microphones with beam forming and wideband audio intercom for crystal-clear audio intercom
- Easily configured as a tethered tabletop device ideal for countertops, end tables and nightstands or as a truly portable device with a charging station
